DETAILED ACTION

1. A Declaration under 37 C.F.R. 1.31 filed on 3/14/06 has been considered.
2. This application has been examined. The claims 22-30, 32-40 and 48-52 are pending.

Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance: The present invention is directed to a method for loading a presentation on a handheld computing device, comprising: writing image data to a driver; invoking the driver to compress the image data; invoking the driver to store the compressed image data in a presentation database; executing control software to transfer the presentation database to the handheld computing device. The combinations of the closest prior art of Taima (US 6,594,031), Lee et al. (US 6,779,040) and Hamzy et al. (6,711,294) show a similar invention, however, they fail to teach attaching an expansion module to the handheld computing device for displaying the presentation data on an external display, the handheld computing device having a first memory, and the expansion module having a second memory as claims 22 and 48.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
